
Volume calculator

Welcome to our Online Volume Calculator. You can use this multi page, multi room Volume Calculator to give an approximate volume of the space you need to transport your furniture and belongings.

Below and on the following pages you will see Item Names and a box for you to fill in the number of those items you wish to transport. For example the first item in the list is '2 Seater Sofa', so if you have one '2 Seater Sofa' to transport, then enter a number 1 in the box next to it. And so on down the list and onto the following pages through each room of your house. If you have any questions, please just call us!

The system will give you directly on the webpage A Grand Total in m³ (cubic meters)

now you can either call us on +44 (0)203 128 7007 or email to us at quotes@universalremovals.com

Or alternatively go directly to the Quotation Request page NOW and get A fast online quote !!!
